

The most frequently requested PELT System parts are listed in the following tables. The parts have been grouped together to indicate if they are common to all PELT systems or specific to a particular model. These parts are typically in stock and usually ship within 2-3 business days. Additional parts may be available. Next business day delivery is available in the United States for orders received before 11AM EST. Contact your Technical Service Representative for pricing and product availability information.

Miscellaneous Parts (All PELT Product Lines)		
Image	Part Number	Description
	PELT-CAP-STD	Standard 10 mil transducer wear-cap for part number PELT-XER-M.
	PELT-CAP-SML	Small diameter 10 mil transducer wear-cap for part number PELT-XER-SM.
	PELT-MYL-2	1" X 2" 10 mil mylar shim.
	PELT-MYL-LF6	1" X 72" 10 mil mylar shim strip.
	PELT-XER-M	Standard transducer .34" diameter face.
	PELT-XER-SM	Small transducer .26" diameter face.
	PELT-GLY-02	2 oz. bottle of glycerin couplant.
	PELT-GLY-16	16 oz. bottle of glycerin couplant.
	PELT-CER-SHM-02	Certified thickness standard "shim" for monitoring gauge drift.

μPELT Parts (μP501, μP501A, μP301)		
Image	Part Number	Description
	PELT-UP-CBL555	Right angle SMB 25 ohm cable, 48" in length. (Cable is for μPELT model number μP501)
	PELT-UP-CBL450	Straight BNC 25 ohm cable, 48" in length. (Cable is for μPELT model number μP501A or μP301)
	PELT-UP-ADTAC	External power supply. (All μPELT models)
	PELT-UP-BAT01	NiMH battery 3.8 Ah. (All μPELT models)
	PELT-UP-BATC	Battery charger for part number PELT-UP-BAT01. (All μPELT models)

μPELT Parts (μP501, μP501A, μP301)		
	PELT-UP-CBLPC1	Female to male null modem cable for μP501A or μP301.
	PELT-UP-CBLPC	Female to female null modem cable for μP501.

PELT Parts (PRD002-200-5-PELT, PRD002-200-PELT)		
Image	Part Number	Description
	PELT-CBL-X08	8" remote pulser to transducer cable. (All legacy PELT models)
	PELT-VHF-18.3A	Remote pulser with 18.3 meter cable. (All legacy PELT models)
	PELT-VHF-10.5A	Remote pulser with 10.5 meter cable. (All legacy PELT models)
	PELT-SWI-STD	Remote pulser cue button assembly. (All legacy PELT models)
	CBL-37C-3F	36" flat ribbon cable. (All legacy PELT models)
